President John Nemeth, open the nominees for office for 2016, it was table to be taken back to their club's and come up with some new members to take office for next Year 2016.

President, Vice President, Race Sect. Recording Sect. & Treasures.

Race schedule for 2016 were handle out, to be brought back to their clubs and too voted on At the January meeting on the 24th. All schedule are attach and up on the website.

Any club wanting to submit a schedule please send it to me flysonny@hotmail.com and I will get it out.

President, open up the floor for discussion on flying in the ECC under 75 miles, The AU Race rule said to be eligible to receive awards you must be over 75 miles. In our combine we have members that are not off 75 miles and are really short In our combine 33 miles to 50 miles on our first combine races. This was table to take back to your club, and be voted on at the next combine meeting.

I think in all fairness we should make our first race station Desert Center, CA. and anyone, Who is not 75 miles can fly on the combine trailer, but are not eligible for any combine awards.

And still fly in the club's they are in now!!!.

Also put a Longitude line at Highway 62, and new member west of it, will be eligible to fly in the combine.

We don't want to lose members but we do have to come up with a fix for our current problem.

Sonny, brought up that all club's that are flying out of a person house, need to have a Wavier and release of liability form, while members are handling crates on and off the trailer and any actives relating with club duties while at the club. Sonny will report back to the combine at the next meeting the cost to have done.
